

Who says it's just a square piece of foam?

Not us. It's NOT rocket science, but IT IS 4 words—Maintain the Cold Chain. In a world of increased regulation, monitoring, and pressure to deliver quickly and economically—our arsenal of bulkheads won't relent to temperature conditions that steal product integrity.

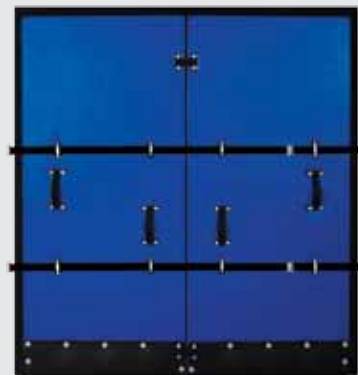

We're proud to offer more bulkheads than any other manufacturer. For environments that require less intense temperature zoning to the environments where Jack Frost lives—our sales and engineering teams are committed to providing you with optimal temperature zoning.

Core Performers

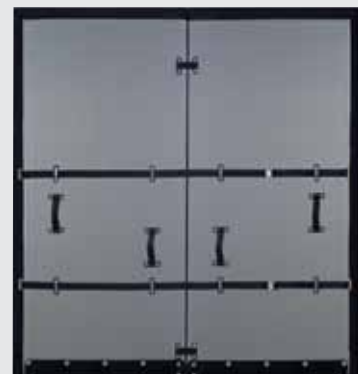

High Performance Series

BH2000

BH1500

PE2

GREEN Series

GREEN BH2000

GREEN BH1500

Light Weight Series

COOLGUARD

BH250

Bulkheads available as a Bi-Fold (pictured), 1/3-2/3, Track-Mounted, and One-Piece.

Specialty Series

Bring us your special applications and we'll meet your challenges head-on.

Z-Series

Bi-fold and Z-shape for even number of pallets

Z-shape for odd number of pallets

Tri-Fold Z

Also available as a Two-Piece Z

Van Bulkhead

Removeable Bulkhead

VersaFit Series

VersaFit HW

Fits varying trailer heights and widths

VersaFit H

Fits varying trailer heights – with the pull of a strap

Options

Standard Vent 	Insulated Vent 	Louvered Vent 	Walk-Through Door 	Air Ribs 
UniSeal adjusts height 	360° Hinge 	E & F Strap (E pictured) 	Notch 	Labeling 

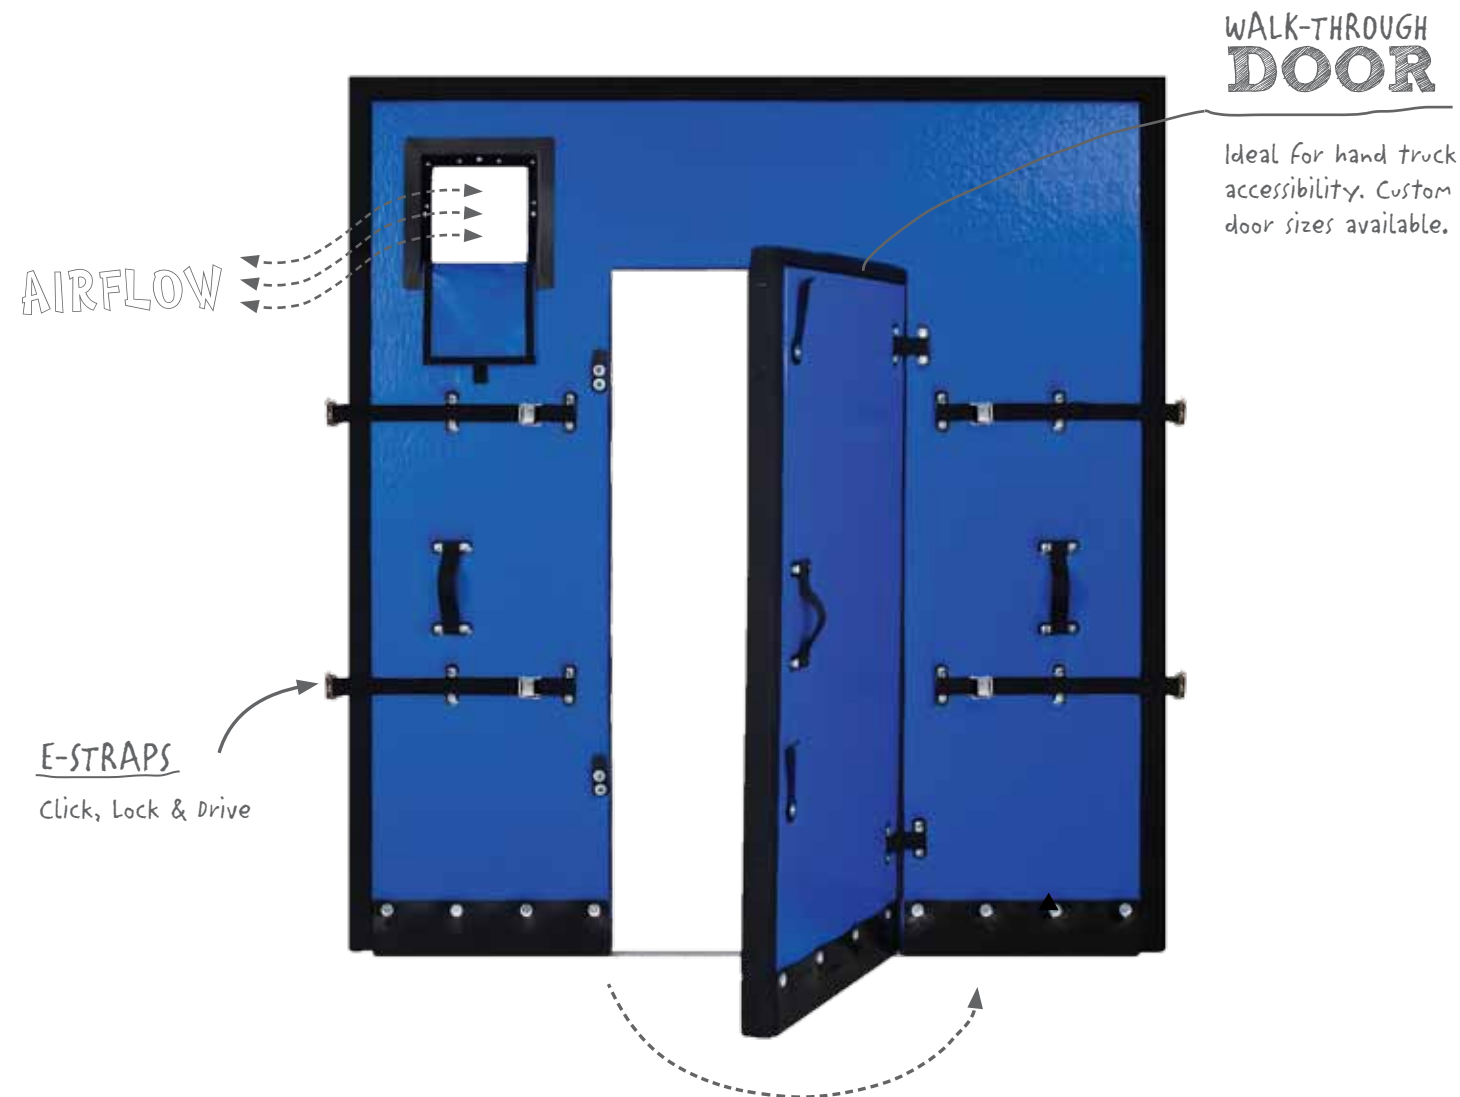

THE
BULKHEAD
 THAT **fits.**
 ALL OF YOUR
REQUIREMENTS.

 Temperature Zoning Products

High Performance Series

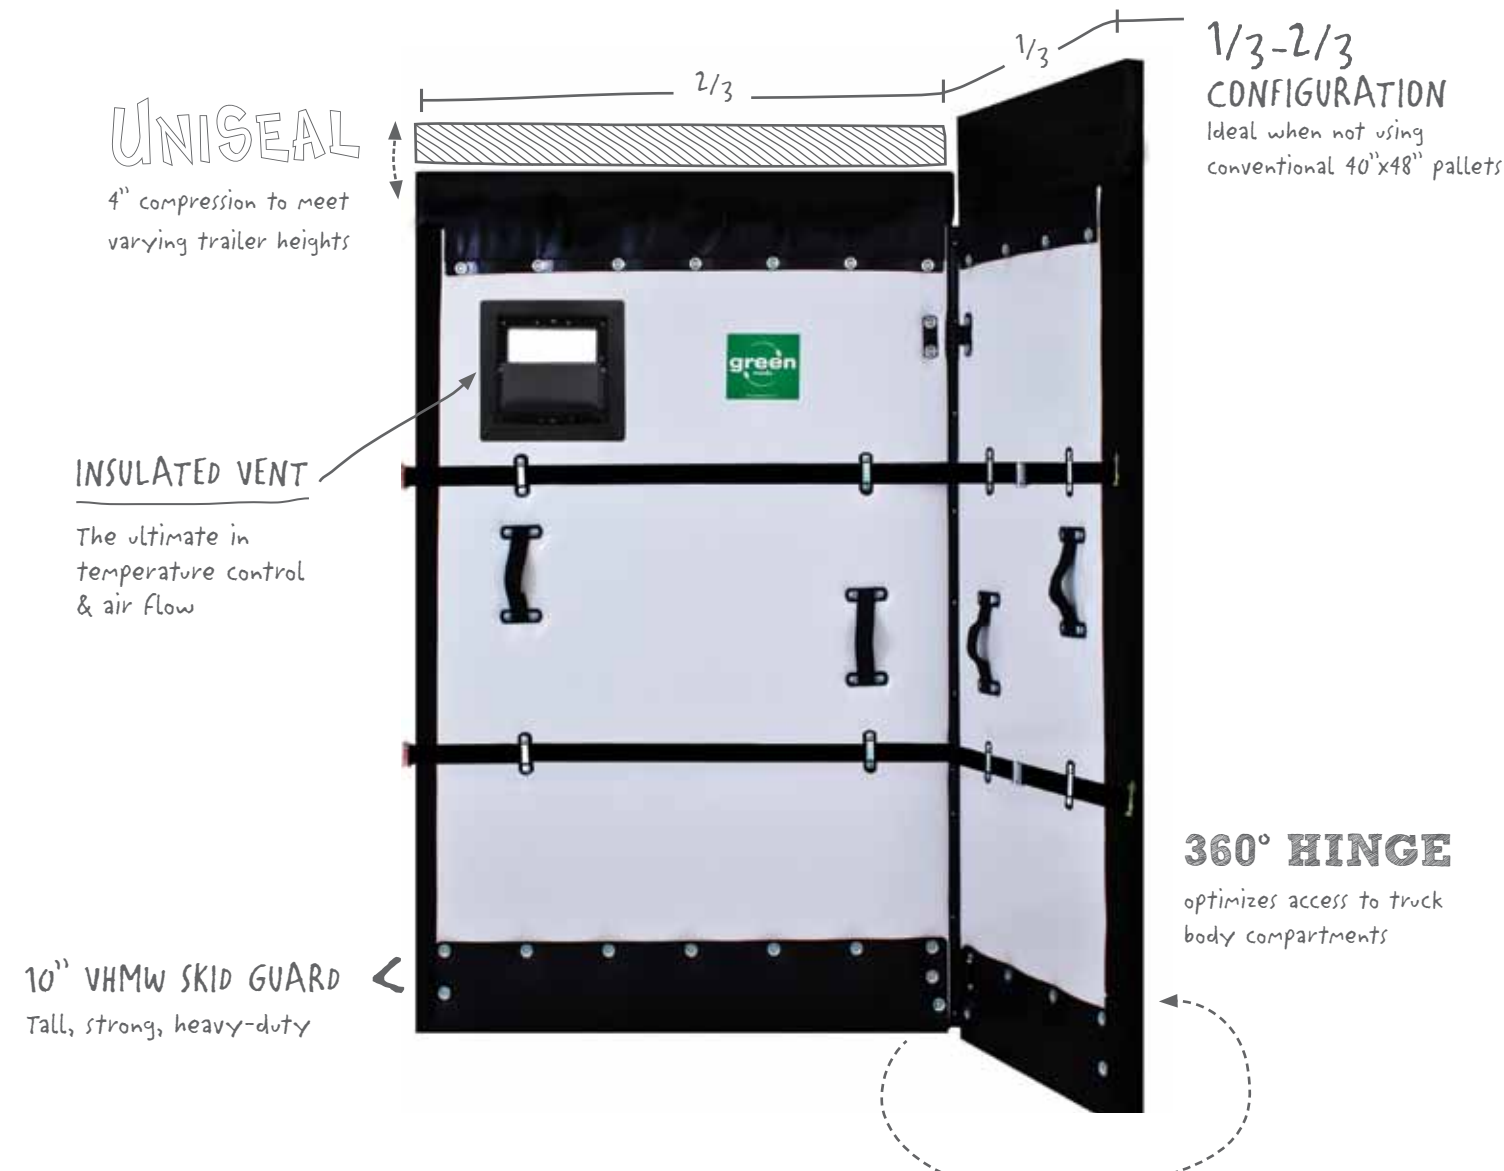

Featuring the BH2000, BH1500 & PE2 Bulkheads

Pictured: BH2000, One-Piece, Walk-Through Door, Standard Vent, E-Straps, 6" UHMW Skid Guard

GREEN Series

Featuring the GREEN BH2000 & GREEN BH1500 Bulkheads

Pictured: GREEN BH1500, 1/3-2/3, Insulated Vent, 360° Hinge, 10" VHMW Skid Guard

Light Weight Series

Featuring the CoolGuard & BH250 Bulkheads

Pictured: CoolGuard, Bi-Fold, VersaFit H, Flexible Skid Guard, Notch

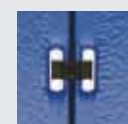

Skid Guard

UHMW skid guard exclusively available on the BH2000. Heavy-duty VHMW skid guard available on the BH1500 and PE2.

Perimeter Seals

Replaceable durable perimeter seals - Ballistic or Cordura® nylon.

Reinforced Hinge & Strain Relief Straps

Ballistic nylon hinges supported by HDPE abrasion backer plates. Key stress points are reinforced.

Recycled Core

Partially recycled core reduces landfill waste.

Corporate Sustainability

Reduce energy usage, increase cost savings.

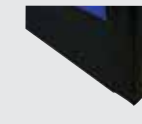

Good for the Earth

Recycling—not discarding—foam is doing what's right for our environment.

Fiberglass Stiffening Rods

Vertical stiffening rods within the core ensure structural integrity.

Strong, Heat Sealed Bumpers

2 1/2" thick perimeter seals ensure temperature stays where it should.

Weight

If weight is your issue, it doesn't get much lighter than these two models.

	Core	Perimeter Seals	Skid Guards	Skin
BH2000	3" closed cell foam	Replaceable, Ballistic nylon	6" or 12" UHMW	18 oz vinyl, blue
BH1500	3" closed cell foam	Replaceable, Cordura nylon	10" VHMW	18 oz vinyl, blue
PE2	3" closed cell foam	Replaceable, Ballistic nylon	10" VHMW	Double-layer polyethylene, silver

	Core	Perimeter Seals	Skid Guards	Skin
GREEN BH2000	3" partially recycled foam	Replaceable, Ballistic nylon	6" or 12" UHMW	Double-layer polyethylene, white
GREEN BH1500	3" partially recycled foam	Replaceable, Cordura nylon	10" VHMW	18 oz vinyl, white

	Core	Perimeter Seals	Skid Guards	Skin
CoolGuard 60 lbs. - light	3" closed cell foam with stiffening rods	Heat-sealed vinyl	Heat-sealed flexible or 10" HDPE	18 oz vinyl, blue
BH250 55 lbs. - light	2 1/2" closed cell foam with stiffening rods	Heat-sealed vinyl	10" HDPE	Polyethylene, silver
